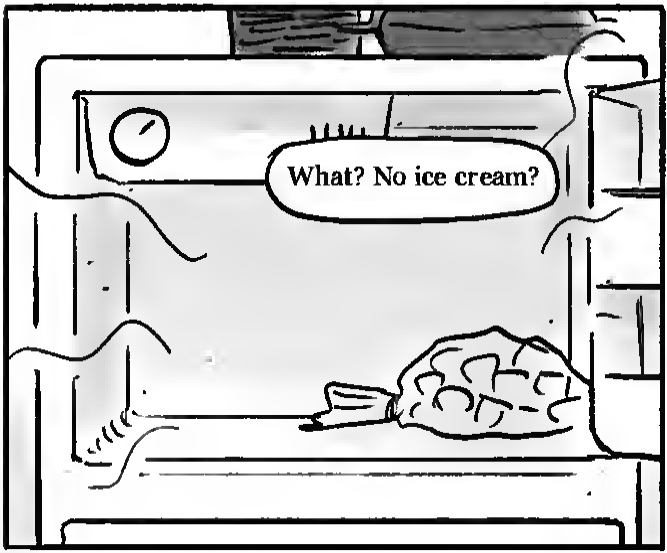
Let's see what the others are up to...

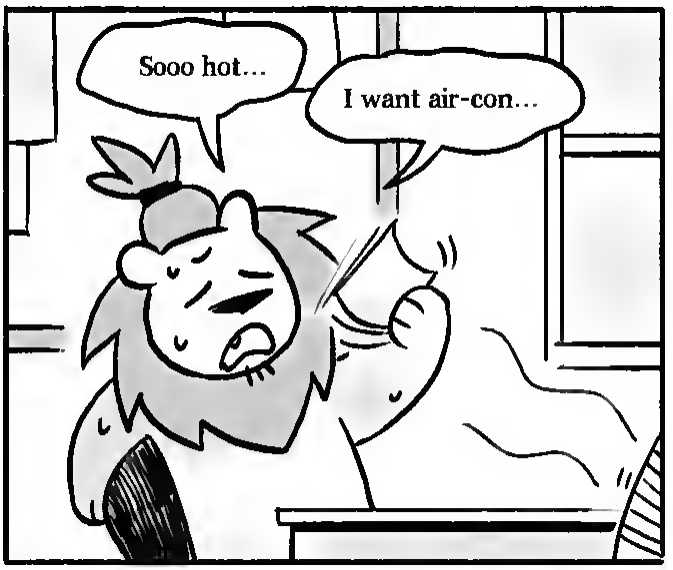
One week ago

Haha, yeah! Let's get some ice cream!

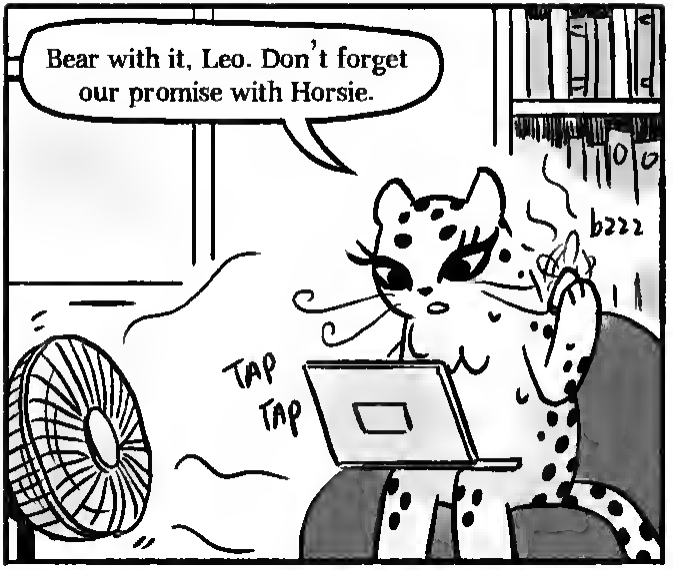


What? No ice cream?

The heat does make it a little difficult to concentrate on our work.
It's so sunny outside!
Makes me wanna swim.



Sooo hot...
I want air-con...



Bear with it, Leo. Don't forget our promise with Horsie.

What are you doing here, Mr. Pigkles?
I'm cooling myself.
The best way to cool is to roll and cover myself in mud, but it will dirty all my stuff so I can't do that at work.

Hooray!!
Tiager, you're the man!

Horsie, your new task is to make an ice fan machine for everybody!
Sure! Let's have a greener working environment!
But if it's not cool enough for me, I will use the air con!

You guys look alright!

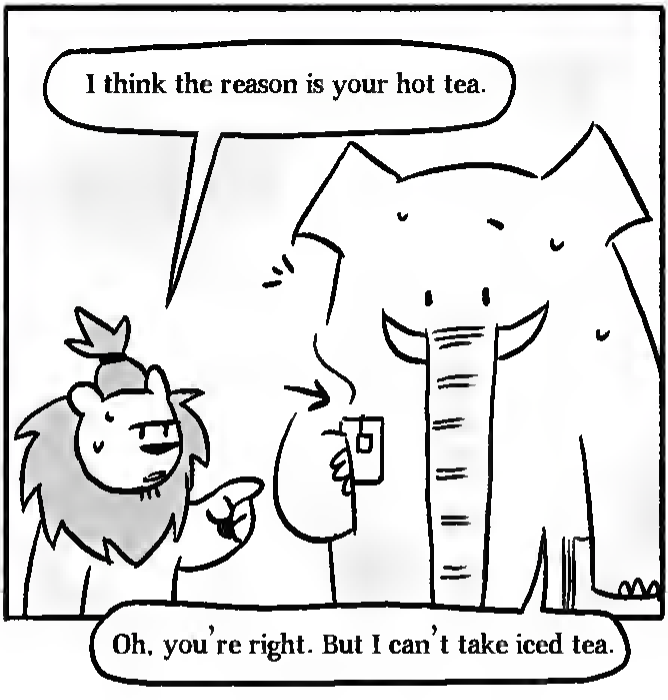
I take that back... it's too hot!



I think the reason is your hot tea.
Oh, you're right. But I can't take iced tea.

Sorry, it's too hot today.

I went out to buy some cold drinks.

...and ice cream.

I'm a tortoise, not a turtle... I can't swim.
Oops, I always get mixed up.
Maybe it's because of the heat.

I don't feel hot at all, my neck helps me cool down.
I usually feel cold in the office, and the temperature today is great!
